CHANEL

CHANEL, the international luxury goods brand, was founded in France by Gabrielle "Coco" Chanel and remains one of the world's preeminent fashion brands today. Chanel strictly controls all design, manufacturing, distribution and advertising to ensure the highest level of quality. Chanel watches are designed and produced in La Chaux-de-Fonds, Switzerland, the birthplace of Swiss watchmaking. Chanel ladies watches reflect a contemporary style that is precise, simple, and glamorous at the same time. The woman who wears a Chanel watch looks radiant and charming without going over the top. The watches do equal justice to a casual or a formal look. Though they are expensive, the fact that the brand is a world leader shows the immense amount of goodwill and brand value associated with it.
